This is the second office action for application number 10/719,349, Suspension Adjusting Handle for a Suspension System, filed on November 11, 2003.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the primary reasons for the allowance of the claims in this application are the limitations of a suspension system for a seat on a vehicle, the system including a suspension member coupled to both a first frame member and a second frame member, an adjustment mechanism coupled to the suspension member and manually manipulatable by an operator to adjust the stiffness of the suspension, a handle to facilitate manual manipulation of the adjustment mechanism, an engaging member resiliently resisting movement of the handle between first and second positions, wherein the adjustment mechanism is a threaded rod, wherein the engaging member engages threads of the threaded rod to resiliently resist movement of the handle between the positions, now essentially included in independent claims 1, 6, 7, 12, and 19 and in combination with the other elements recited in the respective claims, which are not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
